A D. A. R. VIGNETTE

ENTERTAINMENT PLANNED FOR WASHINGTON'S BIRTHDAY.

SILVER OFFERING TAKEN

Proceeds Will Go Toward Beautifying Old City Cemetery—Here Are Various Committees.

The Daughters of the American Revolution will fire the first gun in the campaign for city beautification on next Thursday, when they celebrate Washington's birthday with a "Patriotic Vignette." At the celebration a silver offering will be taken, the proceeds from which will be used to furnish plants, trees and shrubs for the old city cemetery.

Speculation is rife among the recipients of the 200 invitations sent out by the D. A. R. last week, as to what is meant by a "patriotic vignette." The women promoting the scheme are silent on the subject, and the dictionary isn't the least bit illuminating. It gives the following definition of "vignette"—in art, a fading away."

But anyway, the women do say that the entertainment is unique and that it will be fully worth the time spent. It will be held at the home of Mrs. Charles T. Bell on West Third street and the decorations will be entirely in the national colors, flags, bunting and Washington birthday emblems being extensively used. During the afternoon refreshments will be served by the hostess, assisted by some of the members.

The beautification of the Old City cemetery has been a pet scheme of the D. A. R. for several years. Last summer they held an ice cream social in front of the courthouse and the money went into the fund for this purpose. They hope to get enough money to carry on their work actively this spring, and to take the first steps toward turning the ground into a city park.

Those taking part in the vignette are: Mrs. Will Montgomery, Mrs. Kezie Embree, Miss DeLuce, Mrs. Fred Harvey, Mrs. Ed Gray, Miss Marjorie Wilfley, Miss Mary Q. Evans, Mrs. Bruce Montgomery, Mrs. H. A. Foster, Mrs. Joseph Jackson, and Mrs. D. J. Thomas.

These women will be assisted by Miss Virginia Robinson, Mrs. Ralph Eversole, Mrs. Fred Robinson, Miss Jennie Garrett, Miss Margaret Chilton and Miss Alma Nash.

Assisting Mrs. Bell in her duties as hostess will be Mrs. T. L. Robinson, Mrs. Susan Helwig, Mrs. J. A. Ford, Mrs. Anderson Craig, Miss Elise Jackson, Misses Dora Mary and Katherine Carpenter, Mrs. J. A. Speirs, Mrs. George L. Wilfley, Mrs. J. W. Toel, Miss Elizabeth Leet, Miss Nelle Saunders, Miss Ethel Embree, Miss Orril Helwig, Mrs. C. C. Corwin and Mrs. L. C. Gann.

The committee in charge of the entertainment was: Mrs. W. J. Montgomery, Mrs. Fred Harvey, Mrs. E. G. Orear and Mrs. D. J. Thomas.

The committees in charge request that the guests come at the hour specified on their invitations as the affair is not a reception but an entertainment, which will be given at specified hours.

TWO SUNDAY FIRE CALLS

Maryville House and Home of J. K. Sawyers Catch From Sparks From Flue—Damage Not Heavy.

Two Sunday runs were made by the City Fire Department yesterday. The first one was at 7 o'clock to the Maryville House on East Third street, owned by John Kelley. Sparks from the flue started the fire. A small hole was burned in the roof, and a small amount of damage was done.

The next fire was at 11:45 o'clock yesterday morning at the home of J. K. Sawyers on North Main street. A passer-by saw the flames and notified the family. About $200 or $300 worth of damage was done by fire and water. Both places were fully insured.

Prof. T. B. Maulding Writes That the Band Will Leave Laredo for Fort Riley, February 20.

The following letter was received this morning by E. M. Claypool, secretary of the Commercial Club, from Prof. T. B. Maulding, regarding the return of the Fourth Regiment Band to Maryville:

"Dear Sir:—We have orders to leave Laredo, Tuesday, February 20. We go direct to Ft. Riley and expect to be home by March 1. I think there are about ten men who will come to Maryville with the band, who do not live there. You can adress any communication to me at Ft. Riley, care of Fourth Infantry Band.

"Yours truly,

"(Signed) Prof. T. B. Maulding."

At the regular weekly dinner for the members of the Board of Directors of the Commercial Club, today the question of preparing a celebration for the band boys was taken up. The directors referred the matter to the entertainment committee of which Ed Keck is chairman. It is probable that the members of the committee will begin their plans at once.

MRS. GILMORE JOINS CHURCH

Professes Christ Before the Rev. Mr. Miller and Becomes Member of His Congregation.

At the close of yesterdays morning's services at the Christian church, the pastor, Rev. C. Emerson Miller, gave the usual invitation to join the church. After a short silence, the congregation heard the rustle of a woman's dress and saw Mrs. Clemma Gilmore come down the aisle to the front. She made her profession of faith to Mr. Miller, and signified her intention of joining the Christian church.

Mrs. Gilmore has not been a member of any church but leaned strongly toward the Christian church all her life. She was present at various socials, and attended the services occasionally before her trouble. The Rev. Mr. Miller was her friend during the days preceding the tragedy and stood staunchly by her during the trial.

Mrs. Gilmore is slowly recovering from the effects of her trial, and under the kind and gentle ministrations of her friends will soon be in a position to look for work.

Roy Keegan and Cecil Smith, two lads about 16 or 17 years old, were arrested by night policeman, Frank Craig, Saturday night on a charge of drunkenness. They were taken before Mayor Robey and fined $20 and costs. They said they had found the whiskey in sealed bottles behind a billboard and had taken it just for a "lark." Mayor Robey paroled them on condition that they would not repeat the offense. They paid the costs.

MEETING A SUCCESS

GUILFORD PARENT - TEACHERS' MEETING DRAWS LARGE CROWD

MUSIC BY H. S. PUPILS

Children From Various Schools in Townships Take Part in Program Address by Carl Wray.

One of the best educational meetings of the season was held at Guilford last Saturday. The splendid attendance of both patrons and teachers showed the school sentiment of the townships and Guilford to be at high tide. The program was carried out to a number, which is an excellent showing considering the fact that a number of the children who gave exercises had to come from a long distance in the country. The two-minute discussion at the close on the subject, "What Have We Done to Improve Our School This Year," was dispensed with on account of the lack of time. However, the parties were all present and ready to respond to their names had the discussion been called.

When the crowd had assembled, about 10:60 o'clock and the program was announced, Mr. Cooper made known the fact that they were greatly in need of a piano for the musical numbers. Mr. C. C. Reynolds, Guilford's progressive furniture and piano dealer, stepped forward and offered to furnish a piano and even delivered it at the church. This public spirited kindness made Mr. Reynolds the hero for the hour.

Guilford's High School orchestra furnished the music for the opening exercises greatly to the credit of the high school and to the delight of all present. Rev. O. E. Lockart opened the meeting with the invocation and was followed by Mr. Carl Wray, president of the school board of Guilford in the address of welcome. Mr. Wray in his usual good natured and genial way assured the teachers and patrons of Guilford and vicinity that he could not turn over to them the keys of the town for they had been thrown away long ago and the whole city was wide open to welcome everyone. The Hiawatha drama given by the primary pupils of the Guilford school directed by Miss Florence Skidmore, capped the climax. It was a delight from start to finish and did credit to every child. The exercises from White Hall, Liberty and White Oak, were rendered in a way that bespoke the excellent talent

THE WEEK'S WORK

STATE LEGISLATURE WILL CONSIDER GARDNER'S MEASURES.

IMPORTANT BILLS FIRST

Leaders in Senate Have Agreed to Rush Legislation—Not Much Accomplished.

Special to the Democrat-Forum.

Jefferson City, Feb. 19.—This week shall be largely devoted to consideration of measures recommended by Governor Gardner. Leaders in the Senate have agreed that the important measures shall be rushed during the present week.

Senator Carter's bill imposing an annual tax of $1 on the capital stock and surplus of all domestic corporations and a similar tax on the stock of foreign corporations is on the calendar for final consideration and will be passed during the week and sent to the House.

The two inheritance tax bills, the income tax measure and the bill governing the penitentiary and eleemosynary institutions are on the calendar for engrossment.

It is understood that the prison bill will be the object of fiery attack in the Senate. Strong opposition against many provisions and particulars in the bill has developed in the Upper House and it is generally believed that powerful efforts will be made to have it conform to the House measure. The clause in the prison bill for the establishment and operation of a state printing plant in the penitentiary to do all of the printing for the state, is sure to meet unusually strong opposition. Labor unions already have filed protests.

While the House has made considerable progress in its handling of important measures, the Senate has done little else than listen to wearisome oratory and introduce bills. The announcement of the Senate leaders that the Upper House now will tackle important measures in earnest is considered an announcement of no little importance.

NOVELTY CHECKS POPULAR

One Passed Through 10 Persons' Hands In Paying Off Debts This Morning.

Pay-Up-Week started off with a rush this morning and the novelty checks introduced by the Commercial Club in order to encourage the paying of debts are proving very popular. Four of these checks, one in the name of each of the four banks of Maryville are being used. They are twenty-two inches long and eight inches wide.

Secretary Claypool reported that up until the noon hour one of these checks had been used ten times — in other words $10 worth of debts had been paid by the one check. If the checks prove popular more of them will be started tomorrow.

M'DANIEL WITNESS SHOT

Mrs. Dagmar Krucker Killed by Husband, Who Then Severely Wounds Himself.

St. Joseph, Mo., Feb. 19.—Mrs. Dagmar Krucker, called by the state "the other woman" in the trial last October of Oscar D. McDaniel, then county prosecutor, for the murder of his wife, was shot to death here late yesterday by her former husband, John E. Krucker.

Krucker then shot himself through the head and is critically wounded.

The murder and attempted suicide took place in the home of Mrs. Krucker's father, N. P. Sommer, 2315 South Twenty-second street. There Krucker had visited his former wife and their 6-year-old daughter weekly since the two were divorced July 14, last year the day Mrs. McDaniel was slain. In the trial of McDaniel for his wife's murder, the state pounded hard upon the fact that Mrs. McDaniel was murdered the night of the da yMrs. Dagmar Krucker obtained her divorce.

It was also brought out that McDaniel acted as Krucker's attorney in the divorce proceedings, and that an amicable settlement between them all was made, it being agreed the divorce should be granted Mrs. Krucker.

The state charged in its arguments to the jury that McDaniel and Mrs. Krucker were far too friendly to please the prosecutor's wife, and that Mrs. McDaniel at last sought to obtain evidence against McDaniel with regard to his attentions to her, upon which to obtain a divorce.

FIGHTING ACTIVITY GROWS

From North Sea to Swiss Front Troops On Both Sides Engaged in Direct Assault.

Special to Democrat-Forum.

London, Feb. 19.—Press dispatches from the French theatre of war which are borne out by official communications of the French, British and German war offices, show that there is increasing fighting activity all along the western front from the North Sea to the Swiss frontier. Troops on both sides are engaged in direct or in counter assaults. Big guns were busy all along the line, particularly on the Franco-Belgian frontier on the Somme. The fighting is particulariy severe around Miraumont.

German Losses Small.

ADMINISTRATION'S PLAN FOR THE SUBMARINE WARFARE COMPLETE

SEEKS BLANK AUTHORITY

Wilson To Ask Congress to Let Him Act in Any Emergency That May Arise.

Special to Democrat-Forum.

Washington, Feb. 19.—The administration's "next step" to meet the submarine situation today remained carefully concealed. The White House and State department sources insist that it has been fully planned, but the nature and whether it will be made regardless of developments in so far as to sinking vessels without warning is concerned, continues to be a carefully guarded secret. Congressional leaders have been led to believe that President Wilson would seek blank authority to act for any emergency that might arise before final adjournment, twelve days from now.

Yarrowdale Seamen Still Held.

Washington, Feb. 19.—The seventy-two Americans held prisoners in Germany after the capture of the Yarrowdale are still held according to information in possession of the state department today. Lansing admitted that they were still held in spite of the fact that this government had renewed the demand for their release and that it had been forwarded to Berlin.

Word reached the state department through Spain that the men would be released shortly, but this promise was made before the second demand for the release. There has not been any marked improvement in the situation arising from their prolonged detention.

German Submarine Destroyed.

New York, Feb. 19.—Destruction of a German submarine in an engagement lasting forty minutes was reported by the French steamer, Guyane, which arrived today. On January 22, the Guyane sighted a submarine off the port side endeavoring to cross the Guyane's bow but Captain Rousselotte dodged and brought the stern gun near the submarine and fired three shots, two shots striking the submarine squarely. The submarine was seen slowly settling and entirely disappeared in thirty minutes. Not a man appeared on the submarine deck.

MEETING A SUCCESS

(Continued from Page 1.)

and school spirit in those districts. Miss Blanche Rimel spoke fluently on the subject, "Why and How to Keep School House Clean and Tidy." Sanitation was the chief reason why. She emphasized the teacher keeping room well swept, properly dusted with a rag dampened with coal oil. The sweeping should be done at night and dusting in the morning. Roxie Wilson made an excellent appeal to the teachers to follow the state course of study and county outline very closely in preparing their pupils for the eighth grade examination. Supplementary and reference work must be done in nearly all subjects. Field trips are essential for good teaching in agriculture.

Barnard's marriageable, young, and efficient superintendent, J. W. Pierce spoke very pleasantly on the "Weaknesses of Eighth Grade Graduates in High School." He mentioned as the chief weaknesses, lack of ability to read intelligently, to speak in recitation on a whole topic, and to get material from the library reference books. The rural teachers are anxious to get these facts that they may know what to emphasize.

The afternoon program opened with music by the orchestra and followed by a musical number from the Ravenwood school. The two girls rendering the selection were highly complimented and the selection made people know that Ravenwood was on the map. Prof. Goodrich emphasized the importance of Boys' and Girls' club work and stated that all teachers should begin now to organize corn growing and pig feeding clubs. Blanks and instructions to be secured by writing R. H. Emberson, Columbia, Mo. Prof. C. C. Vickery of Conception exhibited some excellent specimen of penmanship done by his pupils and discussed the teaching of a writing period every day and the using of a copy on the board in addition to the one the pupil has at his seat. The teacher can write this copy and discuss it for the class. The duet from Barnard High School was a booster for Barnard as all the things are that come from Barnard School. The girls are to be congratulated. Miss Bessie Stoner's girls from Parnell School gave a song to the delight of all present and the applause was so great that the girls had to come back and the second song made as much of a hit as the first. Parnell has splendid musical talent and Miss Stoner's exceptional musical ability is worth much to their High School where she is an instructor. Prof. Power of Parnell emphasized the importance of the preparation for the spring track meet. Teachers should begin training the pupils now. It will inspire the pupils to better work, improve discipline, please the children and make the teacher popular with the students.

The paper prepared by Sister Mary Maura, teacher at St. Mary's School, and read by Murice White, was pronounced by those who heard it to be a masterpiece on the Teaching of Live Language Lessons, the adopted book for the county. She showed that the book is consistent with real interest in language teaching and gets the results. She showed a number of compositions written by her pupils which were excellent.

Prof. Ross of Ravenwood gave a talk on the Teachers' Duty to the Community. She must first do text book teaching, but she must also be a factor in society, and and inspiration to the enterprises in the community.

Bert Cooper spoke a short time on the improvements made in the county last year, and the present needs.

The ladies served a chicken dinner in the basement of the church and everyone was well pleased with the meal and the kind and courteous treatment the ladies gave.

Russian Woman Gets Missives Through Military Line Successfully.

Special to The Democrat-Forum.

Chicago, Feb. 19.—Three loaves of bread—each a secret repository for letters smuggled through the military lines by Mrs. C. Goldberg, who escaped the Czar's domain on a dead woman's passport, were broken open here.

The letters are being re-addressed in English and prepared for delivery to those to whom they are addressed in the United States, most of them relatives who have not heard from their kin in Russia since the war began. The letters, it was said, consist largely of stories of suffering and pleas for help.

DISEASE. CARRIERS

INSECTS CARRY AND SPREAD THE WORST HUMAN AILMENTS.

HOUSE FLY, THE WORST

Importance of Sanitation and Protection From Insects Cannot Be Overestimated.

It is generally known that insect pests are destructive to crops and that some damage livestock, but the importance of insects as carriers of human diseases is unfortunately too often entirely overlooked. Some of the worst human diseases can be contracted only by coming in contact with certain insects, or germs which they distribute. Leonard Haseman of the Missouri College of Agriculture discussed a few of these disease carrying insects in a recent Farmers' Week lecture at the University of Missouri.

Insects Spread Bubonic Plague.

Bubonic plague, the scourge of India and a repeated visitor to cities of America and Europe, would be of no importance if it were not for the blood sucking fleas which bite a diseased patient and later attack a healthy person giving him the disease. Sleeping sickness, the plague of tropical Africa, is in the same way carried and transmitted by a blood-sucking fly. Typhus fever which too often breaks out in army camps is transmitted by one of the human lice. Yellow fever which until recently made living next to impossible in tropical and sub-tropical America, is easily kept down by destroying the yellow fever mosquito, which transmits the disease from sick to healthy persons. Malarial fever, which is most abundant in the tropics, but which is common every summer even in Missouri especially in the more swampy sections, is dependent entirely on three kinds of malarial mosquitoes for transmission from man to man. Malarial fever can not be contracted unless one is bitten by one of the malarial mosquitoes, which has previously bitten a diseased patient from whom it secured the blood parasites which causes the disease.

Carried by the House Fly.

Typhoid fever is also, to a considerable extent at least, carried by the house fly and other filthy insects. The fly visits open closets or other germ laden materials and later carries these germs to human food.

Insect carriers of human diseases are of three general types: Those which, like the house fly, simply transport germs on their bodies; second, those which suck blood and thereby secure germs which can be introduced bodily into the blood of a second patient; and third, those which act as intermediate hosts, incubating the germs for a time after which the germ in a different form is introduced in the second patient.

Sanitation Important.

The importance of sanitation and the protection of oneself from blood-sucking and germ-laden insects cannot be over estimated. Remember that the effective time to fight these insects especially flies is in early spring. If precautions against them are delayed, until other duties demand attention, they will be overlooked and the insects will have full sway again this year as they did last. Nobody realizes the importance of protecting himself from disease until he is attacked. Flies are probably the most serious pests in Missouri. An early season campaign against them will hold them in check.

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel—there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

Jolly Farmers Club Enjoys Calendar Party.

Mr. and Mrs. John Evans entertained the Jolly Farmer's club Friday night at their home, south of Maryville, with a calendar party. Unique decorations of hearts, cupids, and arrows, were used to beautify the house, and the dainty refreshments were also in dainty little heart shapes. All the guests came dressed to represent some historic date or holiday of the different calendar months. Some of the costumes were very pretty and novel and were as follows: New Years was represented by Miss Gladys Busby; winter sports by Ray Masters; while Mrs. Jay Mutz and Mrs. I. D. Miller of Kansas City represented Valentine's day; Ed Busby was a typical Abraham Lincoln and Raymond Jones went back to the colonial times and was costumed as George Washington; Wilburt Briggs and Guy Mutz had chosen St. Patrick's day and Jay Mutz represented April Fool's day. Mrs. Ed Busby represented April showers and Mrs. Roland Evans was spring showers. In dainty costume, Miss Edna O'Neal made a splendid Queen O' the May, while Mrs. Wilburt Briggs was the blushing June bride. Mrs. Jay Mutz with her golden hair, dainty white dress and slippers, boquet and diploma was the "sweet girl graduate," and won the prize as the best costumed woman. Uncle Sam with his stars and stripes, who plays such an important part in our "National Affairs," was represented by James Evans, while Mrs. J. R. Evans was Columbia and Alfred Jones was "Rastus," the colored gentleman. He brought down the house with his speech on the Emancipation Proclamation. Mrs. Ray Masters was the merry little school girl with long braids of golden hair, bright blue eyes and rosy cheeks, whose merry laughter is heard throughout the day, gladdening and hightening the lives of her associates. Roland Evans was Christopher Columbus. Mrs. Raymond Jones took the part of a witch and Mrs. Alfred Jones the ghost. Thomas Parrish with his long gray beard, red cheeks and pack on his back was Santa Claus, whom the children all love, and J. R. Evans was our president, Woodrow Wilson.

Various guessing games the answers of which were dates and characters ranging from the time of Columbus to the present great war, were played. Mrs. Alfred Jones received a heart shaped book-mark as the ladies prize in the guessing contest and Roland Evans won the gentleman's prize, a cake of soap, to which was attached the following rhyme:

You have proven yourself
So wide awake,
You cannot help
But take this cake.

In connection with this party was also the celebration of Mr. and Mrs. J. R. Evans' and Mr. and Mrs. Briggs' wedding anniversaries, and a double wedding was one of the novel features of entertainment. It came as a complete surprise to the guests. Misses Rebecca Briggs, Evelyn Evans, Loretta Jones, and Beulah Mutz formed an aisle through which the couples marched preceded b ythe officiating judge, the honorable Abraham Lincoln, to the strains of "Blest Be the Tie," which was played by the Queen O' the May. During the ceremony "Annie Laurie," was softly played.

Following the wedding, the guests in turn surprised the brides and grooms with an old fashioned charivari.

IVORY SOAP is white—by nature. No bleaches are used.

Ivory Soap is the rich, creamy white produced by the combination of its high grade ingredients. It is white by nature as milk is white, cotton is white, snow is white.

Ivory Soap is white because it is good. Its whiteness, while desirable in itself, is more important as further evidence of Ivory's quality.

Many people try Ivory Soap because it is this natural creamy white. They continue to buy it because its quality is all that its color implies.

A D. A. R. VIGNETTE

ENTERTAINMENT PLANNED FOR WASHINGTON'S BIRTHDAY.

SILVER OFFERING TAKEN

Proceeds Will Go Toward Beautifying Old City Cemetery—Here Are Various Committees.

The Daughters of the American Revolution will fire the first gun in the campaign for city beautification on next Thursday, when they celebrate Washington's birthday with a "Patriotic Vignette." At the celebration a silver offering will be taken, the proceeds from which will be used to furnish plants, trees and shrubs for the old city cemetery.

Speculation is rife among the recipients of the 200 invitations sent out by the D. A. R. last week, as to what is meant by a "patriotic vignette." The women promoting the scheme are silent on the subject, and the dictionary isn't the least bit illuminating. It gives the following definition of "vignette"—in art, a fading away."

But anyway, the women do say that the entertainment is unique and that it will be fully worth the time spent. It will be held at the home of Mrs. Charles T. Bell on West Third street and the decorations will be entirely in the national colors, flags, bunting and Washington birthday emblems being extensively used. During the afternoon refreshments will be served by the hostess, assisted by some of the members.

The beautification of the Old City cemetery has been a pet scheme of the D. A. R. for several years. Last summer they held an ice cream social in front of the courthouse and the money went into the fund for this purpose. They hope to get enough money to carry on their work actively this spring, and to take the first steps toward turning the ground into a city park.

Those taking part in the vignette are: Mrs. Will Montgomery, Mrs. Kezie Embree, Miss DeLuce, Mrs. Fred Harvey, Mrs. Ed Gray, Miss Marjorie Wilfley, Miss Mary Q. Evans, Mrs. Bruce Montgomery, Mrs. H. A. Foster, Mrs. Joseph Jackson, and Mrs. D. J. Thomas.

These women will be assisted by Miss Virginia Robinson, Mrs. Ralph Eversole, Mrs. Fred Robinson, Miss Jennie Garrett, Miss Margaret Chilton and Miss Alma Nash.

Assisting Mrs. Bell in her duties as hostess will be Mrs. T. L. Robinson, Mrs. Susan Helwig, Mrs. J. A. Ford, Mrs. Anderson Craig, Miss Elise Jackson, Misses Dora Mary and Katherine Carpenter, Mrs. J. A. Speirs, Mrs. George L. Wilfley, Mrs. J. W. Toel, Miss Elizabeth Leet, Miss Nelle Saunders, Miss Ethel Embree, Miss Orril Helwig, Mrs. C. C. Corwin and Mrs. L. C. Gann.

The committee in charge of the entertainment was: Mrs. W. J. Montgomery, Mrs. Fred Harvey, Mrs. E. G. Orear and Mrs. D. J. Thomas.

The committees in charge request that the guests come at the hour specified on their invitations as the affair is not a reception but an entertainment, which will be given at specified hours.

TWO SUNDAY FIRE CALLS

Maryville House and Home of J. K. Sawyers Catch From Sparks From Flue—Damage Not Heavy.

Two Sunday runs were made by the City Fire Department yesterday. The first one was at 7 o'clock to the Maryville House on East Third street, owned by John Kelley. Sparks from the flue started the fire. A small hole was burned in the roof, and a small amount of damage was done.

The next fire was at 11:45 o'clock yesterday morning at the home of J. K. Sawyers on North Main street. A passer-by saw the flames and notified the family. About $200 or $300 worth of damage was done by fire and water.

Both places were fully insured.

Prof. T. B. Maulding Writes That the Band Will Leave Laredo for Fort Riley, February 20.

The following letter was received this morning by E. M. Claypool, secretary of the Commercial Club, from Prof. T. B. Maulding, regarding the return of the Fourth Regiment Band to Maryville:

"Dear Sir:—We have orders to leave Laredo, Tuesday, February 20. We go direct to Ft. Riley and expect to be home by March 1. I think there are about ten men who will come to Maryville with the band, who do not live there. You can adress any communication to me at Ft. Riley, care of Fourth Infantry Band.

"Yours truly,

"(Signed) Prof. T. B. Maulding."

At the regular weekly dinner for the members of the Board of Directors of the Commercial Club, today the question of preparing a celebration for the band boys was taken up. The directors referred the matter to the entertainment committee of which Ed Keck is chairman. It is probable that the members of the committee will begin their plans at once.

MRS. GILMORE JOINS CHURCH

Professes Christ Before the Rev. Mr. Miller and Becomes Member of His Congregation.

At the close of yesterdays morning's services at the Christian church, the pastor, Rev. C. Emerson Miller, gave the usual invitation to join the church. After a short silence, the congregation heard the rustle of a woman's dress and saw Mrs. Clemma Gilmore come down the aisle to the front. She made her profession of faith to Mr. Miller, and signified her intention of joining the Christian church.

Mrs. Gilmore has not been a member of any church but leaned strongly toward the Christian church all her life. She was present at various socials, and attended the services occasionally before her trouble. The Rev. Mr. Miller was her friend during the days preceding the tragedy and stood staunchly by her during the trial.

Mrs. Gilmore is slowly recovering from the effects of her trial, and under the kind and gentle ministrations of her friends will soon be in a position to look for work.

MEETING A SUCCESS

GUILFORD PARENT - TEACHERS' MEETING DRAWS LARGE CROWD

MUSIC BY H. S. PUPILS

Children From Various Schools in Townships Take Part in Program Address by Carl Wray.

One of the best educational meetings of the season was held at Guilford last Saturday. The splendid attendance of both patrons and teachers showed the school sentiment of the townships and Guilford to be at high tide. The program was carried out to a number, which is an excellent showing considering the fact that a number of the children who gave exercises had to come from a long distance in the country. The two-minute discussion at the close on the subject, "What Have We Done to Improve Our School This Year," was dispensed with on account of the lack of time. However, the parties were all present and ready to respond to their names had the discussion been called.

When the crowd had assembled, about 10:00 o'clock and the program was announced, Mr. Cooper made known the fact that they were greatly in need of a piano for the musical numbers. Mr. C. C. Reynolds, Guilford's progressive furniture and piano dealer, stepped forward and offered to furnish a piano and even delivered it at the church. This public spirited kindness made Mr. Reynolds the hero for the hour.

Guilford's High School orchestra furnished the music for the opening exercises greatly to the credit of the high school and to the delight of all present. Rev. O. E. Lockart opened the meeting with the invocation and was followed by Mr. Carl Wray, president of the school board of Guilford in the address of welcome. Mr. Wray in his usual good natured and genial way assured the teachers and patrons of Guilford and vicinity that he could not turn over to them the keys of the town for they had been thrown away long ago and the whole city was wide open to welcome everyone. The Hiawatha drama given by the primary pupils of the Guilford school directed by Miss Florence Skidmore, capped the climax. It was a delight from start to finish and did credit to every child. The exercises from White Hall, Liberty and White Oak, were rendered in a way that bespoke the excellent talent

Leaders in Senate Have Agreed to Rush Legislation—Not Much Accomplished.

Special to the Democrat-Forum.

Jefferson City, Feb. 19.—This week shall be largely devoted to consideration of measures recommended by Governor Gardner. Leaders in the Senate have agreed that the important measures shall be rushed during the present week.

Senator Carter's bill imposing an annual tax of $1 on the capital stock and surplus of all domestic corporations and a similar tax on the stock of foreign corporations is on the calendar for final consideration and will be passed during the week and sent to the House.

The two inheritance tax bills, the income tax measure and the bill governing the penitentiary and eleemosynary institutions are on the calendar for engrossment.

It is understood that the prison bill will be the object of fiery attack in the Senate. Strong opposition against many provisions and particulars in the bill has developed in the Upper House and it is generally believed that powerful efforts will be made to have it conform to the House measure. The clause in the prison bill for the establishment and operation of a state printing plant in the penitentiary to do all of the printing for the state, is sure to meet unusually strong opposition. Labor unions already have filed protests.

While the House has made considerable progress in its handling of important measures, the Senate has done little else than listen to wearisome oratory and introduce bills. The announcement of the Senate leaders that the Upper House now will tackle important measures in earnest is considered an announcement of no little importance.

A number of the wealthiest and most fashionable of America's society took prominent parts, and in the scenes prior to the start of the chase, it is said that over a million dollars were represented by the amateurs.

Pay-Up-Week started off with a rush this morning and the novelty checks introduced by the Commercial Club in order to encourage the paying of debts are proving very popular. Four of these checks, one in the name of each of the four banks of Maryville are being used. They are twenty-two inches long and eight inches wide.

Secretary Claypool reported that up until the noon hour one of these checks had been used ten times — in other words $10 worth of debts had been paid by the one check. If the checks prove popular more of them will be started tomorrow.

M'DANIEL WITNESS SHOT

Mrs. Dagmar Krucker Killed by Husband, Who Then Severely Wounds Himself.

St. Joseph, Mo., Feb. 19.—Mrs. Dagmar Krucker, called by the state "the other woman" in the trial last October of Oscar D. McDaniel, then county prosecutor, for the murder of his wife, was shot to death here late yesterday by her former husband, John E. Krucker.

Krucker then shot himself through the head and is critically wounded.

The murder and attempted suicide took place in the home of Mrs. Krucker's father, N. P. Sommer, 2315 South Twenty-second street. There Krucker had visited his former wife and their 6-year-old daughter weekly since the two were divorced July 14, last year the day Mrs. McDaniel was slain. In the trial of McDaniel for his wife's murder, the state pounded hard upon the fact that Mrs. McDaniel was murdered the night of the da yMrs. Dagmar Krucker obtained her divorce.

It was also brought out that McDaniel acted as Krucker's attorney in the divorce proceedings, and that an amicable settlement between them all was made, it being agreed the divorce should be granted Mrs. Krucker.

The state charged in its arguments to the jury that McDaniel and Mrs. Krucker were far too friendly to please the prosecutor's wife, and that Mrs. McDaniel at last sought to obtain evidence against McDaniel with regard to his attentions to her, upon which to obtain a divorce.

FIGHTING ACTIVITY GROWS

From North Sea to Swiss Front Troops On Both Sides Engaged in Direct Assault.

Special to Democrat-Forum.

London, Feb. 19.—Press dispatches from the French theatre of war which are borne out by official communications of the French, British and German war offices, show that there is increasing fighting activity all along the western front from the North Sea to the Swiss frontier. Troops on both sides are engaged in direct or in counter assaults. Big guns were busy all along the line, particularly on the Franco-Belgian frontier on the Somme. The fighting is particularly severe around Miraumont.

ADMINISTRATION'S PLAN FOR THE SUBMARINE WARFARE COMPLETE

SEEKS BLANK AUTHORITY

Wilson To Ask Congress to Let Him Act in Any Emergency That May Arise.

Special to Democrat-Forum.

Washington, Feb. 19.—The administration's "next step" to meet the submarine situation today remained carefully concealed. The White House and State department sources insist that it has been fully planned, but the nature and whether it will be made regardless of developments in so far as to sinking vessels without warning is concerned, continues to be a carefully guarded secret. Congressional leaders have been led to believe that President Wilson would seek blank authority to act for any emergency that might arise before final adjournment, twelve days from now.

Yarrowdale Seamen Still Held.

Washington, Feb. 19.—The seventy-two Americans held prisoners in Germany after the capture of the Yarrowdale are still held according to information in possession of the state department today. Lansing admitted that they were still held in spite of the fact that this government had renewed the demand for their release and that it had been forwarded to Berlin.

Word reached the state department through Spain that the men would be released shortly, but this promise was made before the second demand for the release. There has not been any marked improvement in the situation arising from their prolonged detention.

German Submarine Destroyed.

New York, Feb. 19.—Destruction of a German submarine in an engagement lasting forty minutes was reported by the French steamer, Guyane, which arrived today. On January 22, the Guyane sighted a submarine off the port side endeavoring to cross the Guyane's bow but Captain Rousselotte dodged and brought the stern gun near the submarine and fired three shots, two shots striking the submarine squarely. The submarine was seen slowly settling and entirely disappeared in thirty minutes. Not a man appeared on the submarine deck.

MEETING A SUCCESS

(Continued from Page 1.)

and school spirit in those districts. Miss Blanche Rimel spoke fluently on the subject, "Why and How to Keep School House Clean and Tidy." Sanitation was the chief reason why. She emphasized the teacher keeping room well swept, properly dusted with a rag dampened with coal oil. The sweeping should be done at night and dusting in the morning. Roxie Wilson made an excellent appeal to the teachers to follow the state course of study and county outline very closely in preparing their pupils for the eighth grade examination. Supplementary and reference work must be done in nearly all subjects. Field trips are essential for good teaching in agriculture.

Barnard's marriageable, young, and efficient superintendent, J. W. Pierce spoke very pleasantly on the "Weaknesses of Eighth Grade Graduates in High School." He mentioned as the chief weaknesses, lack of ability to read intelligently, to speak in recitation on a whole topic, and to get material from the library reference books. The rural teachers are anxious to get these facts that they may know what to emphasize.

The afternoon program opened with music by the orchestra and followed by a musical number from the Ravenwood school. The two girls rendering the selection were highly complimented and the selection made people know that Ravenwood was on the map. Prof. Goodrich emphasized the importance of Boys' and Girls' club work and stated that all teachers should begin now to organize corn growing and pig feeding clubs. Blanks and instructions to be secured by writing R. H. Emberson, Columbia, Mo. Prof. C. C. Vickery of Conception exhibited some excellent specimen of penmanship done by his pupils and discussed the teaching of a writing period every day and the using of a copy on the board in addition to the one the pupil has at his seat. The teacher can write this copy and discuss it for the class. The duet from Barnard High School was a booster for Barnard as all the things are that come from Barnard School. The girls are to be congratulated. Miss Bessie Stoner's girls from Parnell School gave a song to the delight of all present and the applause was so great that the girls had to come back and the second song made as much of a hit as the first. Parnell has splendid musical talent and Miss Stoner's exceptional musical ability is worth much to their High School where she is an instructor. Prof. Power of Parnell emphasized the importance of the preparation for the spring track meet. Teachers should begin training the pupils now. It will inspire the pupils to better work, improve discipline, please the children and make the teacher popular with the students.

The paper prepared by Sister Mary Maura, teacher at St. Mary's School, and read by Murice White, was pronounced by those who heard it to be a masterpiece on the Teaching of Live Language Lessons, the adopted book for the county. She showed that the book is consistent with real interest in language teaching and gets the results. She showed a number of compositions written by her pupils which were excellent.

Prof. Ross of Ravenwood gave a talk on the Teachers' Duty to the Community. She must first do text book teaching, but she must also be a factor in society, and and inspiration to the enterprises in the community.

Bert Cooper spoke a short time on the improvements made in the county last year, and the present needs.

The ladies served a chicken dinner in the basement of the church and everyone was well pleased with the meal and the kind and courteous treatment the ladies gave.

Chicago, Feb. 19.—Three loaves of bread—each a secret repository for letters smuggled through the military lines by Mrs. C. Goldberg, who escaped the Czar's domain on a dead woman's passport, were broken open here.

The letters, it was said, consist largely of stories of suffering and pleas for help.

DISEASE CARRIERS

INSECTS CARRY AND SPREAD THE WORST HUMAN AILMENTS.

HOUSE FLY, THE WORST

Importance of Sanitation and Protection From Insects Cannot Be Overestimated.

It is generally known that insect pests are destructive to crops and that some damage livestock, but the importance of insects as carriers of human diseases is unfortunately too often entirely overlooked. Some of the worst human diseases can be contracted only by coming in contact with certain insects, or germs which they distribute. Leonard Haseman of the Missouri College of Agriculture discussed a few of these disease carrying insects in a recent Farmers' Week lecture at the University of Missouri.

Insects Spread Bubonic Plague.

Bubonic plague, the scourge of India and a repeated visitor to cities of America and Europe, would be of no importance if it were not for the blood sucking fleas which bite a diseased patient and later attack a healthy person giving him the disease. Sleeping sickness, the plague of tropical Africa, is in the same way carried and transmitted by a blood-sucking fly. Typhus fever which too often breaks out in army camps is transmitted by one of the human lice. Yellow fever which until recently made living next to impossible in tropical and sub-tropical America, is easily kept down by destroying the yellow fever mosquito, which transmits the disease from sick to healthy persons. Malarial fever, which is most abundant in the tropics, but which is common every summer even in Missouri especially in the more swampy sections, is dependent entirely on three kinds of malarial mosquitoes for transmission from man to man. Malarial fever can not be contracted unless one is bitten by one of the malarial mosquitoes, which has previously bitten a diseased patient from whom it secured the blood parasites which causes the disease.

Carried by the House Fly.

Typhoid fever is also, to a considerable extent at least, carried by the house fly and other filthy insects. The fly visits open closets or other germ laden materials and later carries these germs to human food.

Insect carriers of human diseases are of three general types: Those which, like the house fly, simply transport germs on their bodies; second, those which suck blood and thereby secure germs which can be introduced bodily into the blood of a second patient; and third, those which act as intermediate hosts, incubating the germs for a time after which the germ in a different form is introduced in the second patient.

Sanitation Important.

The importance of sanitation and the protection of oneself from blood-sucking and germ-laden insects cannot be over estimated. Remember that the effective time to fight these insects especially flies is in early spring. If precautions against them are delayed, until other duties demand attention, they will be overlooked and the insects will have full sway again this year as they did last. Nobody realizes the importance of protecting himself from disease until he is attacked. Flies are probably the most serious pests in Missouri. An early season campaign against them will hold them in check.

Jolly Farmers Club Enjoys Calendar Party.

Mr. and Mrs. John Evans entertained the Jolly Farmer's club Friday night at their home, south of Maryville, with a calendar party. Unique decorations of hearts, cupids, and arrows, were used to beautify the house, and the dainty refreshments were also in dainty little heart shapes. All the guests came dressed to represent some historic date or holiday of the different calendar months. Some of the costumes were very pretty and novel and were as follows: New Years was represented by Miss Gladys Busby; winter sports by Ray Masters; while Mrs. Jay Mutz and Mrs. I. D. Miller of Kansas City represented Valentine's day; Ed Busby was a typical Abraham Lincoln and Raymond Jones went back to the colonial times and was costumed as George Washington; Wilburt Briggs and Guy Mutz had chosen St. Patrick's day and Jay Mutz represented April Fool's day. Mrs. Ed Busby represented April showers and Mrs. Roland Evans was spring showers. In dainty costume, Miss Edna O'Neal made a splendid Queen O' the May, while Mrs. Wilburt Briggs was the blushing June bride. Mrs. Jay Mutz with her golden hair, dainty white dress and slippers, boquet and diploma was the "sweet girl graduate," and won the prize as the best costumed woman. Uncle Sam with his stars and stripes, who plays such an important part in our "National Affairs," was represented by James Evans, while Mrs. J. R. Evans was Columbia and Alfred Jones was "Rastus," the colored gentleman. He brought down the house with his speech on the Emancipation Proclamation. Mrs. Ray Masters was the merry little school girl with long braids of golden hair, bright blue eyes and rosy cheeks, whose merry laughter is heard throughout the day, gladdening and lightening the lives of her associates. Roland Evans was Christopher Columbus. Mrs. Raymond Jones took the part of a witch and Mrs. Alfred Jones the ghost. Thomas Parrish with his long gray beard, red cheeks and pack on his back was Santa Claus, whom the children all love, and J. R. Evans was our president, Woodrow Wilson.

Various guessing games the answers of which were dates and characters ranging from the time of Columbus to the present great war, were played. Mrs. Alfred Jones received a heart shaped book-mark as the ladies prize in the guessing contest and Roland Evans won the gentleman's prize, a cake of soap, to which was attached the following rhyme:

You have proven yourself
So wide awake,
You cannot help
But take this cake.

In connection with this party was also the celebration of Mr. and Mrs. J. R. Evans' and Mr. and Mrs. Briggs' wedding anniversaries, and a double wedding was one of the novel features of entertainment. It came as a complete surprise to the guests. Misses Rebecca Briggs, Evelyn Evans, Loretta Jones, and Beulah Mutz formed an aisle through which the couples marched preceded b ythe officiating judge, the honorable Abraham Lincoln, to the strains of "Blest Be the Tie," which was played by the Queen O' the May. During the ceremony "Annie Laurie," was softly played.

Following the wedding, the guests in turn surprised the brides and grooms with an old fashioned charivari.

Ivory Soap is the rich, creamy white produced by the combination of its high grade ingredients. It is white by nature as milk is white, cotton is white, snow is white.

Ivory Soap is white because it is good. Its whiteness, while desirable in itself, is more important as further evidence of Ivory's quality.

Many people try Ivory Soap because it is this natural creamy white. They continue to buy it because its quality is all that its color implies.
